

## QUALITY POLICY

### VISION

- Be a flexible printing-house responding rapidly to market changes.
- Offer clients top quality services based on modern technologies and accumulated professional knowledge and experience.
- Give individual attention to each client.
- Be a continuously improving company that values its clients and employees.

### MISSION

- With the help of the product being developed and produced, join the client marketing process and offer innovative printing solutions that are advantageous to our clients in the competitive environment.

### STRATEGY / AIMS

- Become a leader of printing services and products in the area of direct mail and special print products in the Baltic States.
- Increase production output.
- Implement the company's standard.
- Become the preferred employer in the Kaunas printing sector.

### VALUES

- Particularly competent employees and rational technological solutions.
- Strong business ethics, respect, and trust.
- Initiative, knowledge, and keenness.

The company's management undertakes the following:

- to familiarise employees with this environmental policy, to provide conditions for observing these provisions at work, and monitor that these principles are complied with
- to ensure easy access of the public to environmental policy
- to monitor, analyse, and continuously enhance the Environmental Management System
- to inform clients and suppliers about the company's environmental policies.

Saulius Mudėnas  
Director

A handwritten signature in black ink, appearing to read 'Saulius Mudėnas', with a long horizontal flourish extending to the right.
